

## J M Keynes Fellowship Fund Lectures

The Managers of the J M Keynes Fellowship Fund proudly present an evening of special lectures, featuring three of the Fund's distinguished Fellows speaking briefly about their innovative research in the field of **financial economics**.

**Professor Giancarlo Corsetti**

Financial imperfection, transmission mechanism and economic policy: reflections on the long recession in the euro area

**Professor Sanjeev Goyal**

The Economics of Networks

**Professor Hamid Sabourian**

Evolution of Rules, Mutation and Equilibrium Selection

**Tuesday 21 February 2017**

**17.30-19.30**

**The McGrath Centre, St Catharine's College, Cambridge**

*A drinks reception will be held following the lectures.*

The J M Keynes Fellowship Fund Lectures are an excellent opportunity to hear eminent Economists from the University of Cambridge speak about their current research.

This event is free to attend but please reserve your place at:
